

Associate in Science Degree (AD) Nursing Program Outcomes

The nursing department at Inver Hills Community College is pleased to inform students, faculty, and the community about the program outcomes for its Associate in Science (AD) degree nursing program. Several major outcomes are regularly monitored in order to continually improve the nursing programs at Inver Hills Community College: **graduate completion rate, NCLEX-RN (licensure) pass rates, and job placement rate.** The Associate in Science degree nursing program is offered in Inver Grove Heights, MN. We offer advanced standing for to LPNs when they enter our Associate in Science degree program.

Graduate Completion Rate:

The graduate completion rate is the percent of students completing the nursing program within four to six semesters.

Associate in Science Degree (AD) in Nursing – Graduate Completion Rates

Cohort	Fall 2014	Spring 2015	Fall 2015	Spring 2016	Fall 2016	Spring 2017
Completion Rate	87.76%	100%	94.12%	89.58%	79.59%	86.67%
