PURPOSE

This program is designed to prepare individuals for a career in law enforcement. Graduates are qualified to take the Minnesota Peace Officers Standards and Training (P.O.S.T.) Board Licensing examination.

PROGRAM INFORMATION

The following Inver Hills courses are part of the integrated Associate in Science (A.S.) degree offered by metro area community colleges. **Law Enforcement students must meet minimum selection standards under Minnesota Rule 6700.0700, Subpart 1., F. before they will be admitted into the IHCC Law Enforcement Professional Peace Officer Education (PPOE) Program.** According to Minnesota Rule, no student may be admitted to the PPOE who has been convicted of any of the crimes listed in MN Rules 6700.0700, Subp. 1., F.

The Law Enforcement Transfer Pathways A.S. offers students a powerful option: the opportunity to complete an Associate of Science degree with course credits that directly transfer to designated Law Enforcement bachelor's degree programs at Minnesota State universities. The curriculum has been specifically designed so that students completing this pathway degree and transferring to one of the seven Minnesota State universities* enter the university with junior-year status. All courses in the Transfer Pathways associate degree will directly transfer and apply to the designated bachelor's degree programs in a related field.

**Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University Moorhead; Southwest Minnesota State University; St. Cloud State University; and Winona State University.*

LAW ENFORCEMENT CERTIFICATE

(28-29 CREDITS)

PURPOSE

The Law Enforcement Curriculum Certification Program prepares individuals who have already completed a bachelor's degree or A.A./A.S. degree, in any discipline, for entry into the law enforcement profession in Minnesota. Completion of this program enables students to enroll in the Professional Licensing Core. Upon successful completion of the certificate program and the Professional Licensing Core, the student will be eligible to take the POST licensing examination, which is required to be hired as a police officer in Minnesota. State requirements to become a police officer include a college degree and a number of specific courses. For individuals already possessing a bachelor's or A.A./A.S. degree, the Law Enforcement Curriculum Certification Program provides the additional courses that will lead to the practical skills component, which then qualifies the person to take the POST licensing exam. The Inver Hills courses listed below are the required courses to be completed for the Professional Licensing Core. Completion of these courses can be accomplished either by acceptance of equivalent coursework completed elsewhere or by successful completion of the courses at Inver Hills. A minimum grade of C and a cumulative GPA of 2.50 must be earned in the required coursework.
