**PURPOSE**
The Associate of Arts degree (A.A.) is intended primarily for students who plan to transfer to another college to complete a bachelor's degree. The A.A. degree is a generalist liberal arts degree, and no specific major is listed in conjunction with the degree. However, many students choose to concentrate in a particular field of study as preparation for a planned major at a four-year college or university. Students may choose to follow one of the emphases or develop an individual plan within the general A.A. degree. Both options are designed to identify the appropriate core of courses for transfer in a student’s major to their chosen four-year college or university. At least 40 of the 60 credits must be taken within the Minnesota Transfer Curriculum (MnTC). Students are strongly encouraged to develop an educational plan in consultation with an Inver Hills counselor or academic advisor to assure that degree requirements are fulfilled.

Include essential pre-major courses in your A.A. degree to facilitate Junior level transfer and meet admission requirements at the baccalaureate level.

Students may earn a transfer pathway A.A. or an A.A. with an Emphasis in various academic disciplines.

MINNESOTA TRANSFER CURRICULUM (MnTC)

The Minnesota Transfer Curriculum (MnTC) is the result of a collaborative effort by all the two- and four-year public colleges and universities in Minnesota to define a common philosophy toward general education. The goal of this effort is to help students transfer their work in general education. Completion of a defined transfer curriculum at one institution enables a student to receive credit for all lower-division general education on admission to any other institution. MnTC courses fall within 10 areas of competency, called “goals.” Students who complete transfer curriculum are certified in the 10 goal areas by faculty at the originating institution.

Courses with a grade of D or higher (including transfer) can be included in the MnTC. A 2.0 GPA is required for recognition of completion of the entire MnTC with/without completing an associate degree. Some courses may be applied to more than one goal area resulting in completion of the 10 goals with fewer than 40 credits. Additional credits from the 10 goals listed must be taken to complete a minimum of 40 credits.

The following ten goal areas specify the requirements to complete the Minnesota Transfer curriculum (MnTC), which is a component of the Associate of Arts Degree (A.A.). Students pursuing an A.S., A.A.S. or A.F.A. degree should use the MnTC list to choose courses according to the distribution requirements of their intended degree.
