

Policy 3.61 Student Class Attendance Policy

Part 1. Policy Statement

Students are expected to attend all sessions of each class in which they are enrolled. If an illness or emergency results in an absence, students are responsible for contacting their instructors to determine if missed work can be completed. PSEO students and students enrolled at other colleges must follow the Inver Hills official academic calendar as it relates to their attendance and registration at Inver Hills. Term breaks, holidays, and non-class days at other institutions and vacations do not supersede the Inver Hills Community College requirements or academic calendar.

Part 2. Definitions

Subpart A. Class Attendance

Class attendance is defined as being physically present and an active participant in the classroom.

Subpart B. Online Class Attendance

Class attendance in online courses is defined as having submitted an assignment, taken a quiz, or posted/made a course content-related comment on the discussion/chat board for the course in which the student is registered.
