General Education Curriculum .......... 30 cr

PURPOSE
This program provides the educational foundation for students who are interested in employment in music industry professions. This two-year degree provides a basic foundation for students pursuing their Bachelor of Fine Art in music or bachelor’s degree in music industry/business, and for students interested in entering the music industry job market. Students will take 30 credits in general requirements and 38 credits in music and related courses. An internship in the final semester will prepare students by offering a hands-on practical learning experience while also teaching networking skills, resume building and skills for applying to other schools, jobs and grants.

PROGRAM INFORMATION
The A.F.A. gives music students a strong foundation for transfer to a four-year institution while offering opportunities for hands-on learning in the music industry and establishing tangible connections to music industry professionals. The focus will be on offering students a holistic approach to music including taking courses in music history, music theory, music performing ensemble, music industry, applied lessons and an internship that provides training in a specific area of focus. Students may be able to transfer with junior status to a four-year institution and/or gain meaningful employment in the music industry.
