 Additional General Education 30 cr

PURPOSE

The Sociology Transfer Pathway A.A. offers students a powerful option: the opportunity to complete an Associate of Arts degree with course credits that directly transfer to designated Sociology bachelor’s degree programs at Minnesota State Universities. The curriculum has been specifically designed so that students completing the pathway degree and transferring to one of the seven Minnesota State Universities* enter the university with junior-year status. All courses in the Transfer Pathway associate degree will directly transfer and apply to the designated bachelor’s degree programs in a related field.

The Sociology Pathway consists of the Required Pathway Curriculum, the Minnesota Transfer Curriculum (MnTC), and the Health and Physical Fitness Requirement, to bring your credit total to 60 credits.

**Universities within the Minnesota State system include Bemidji State University; Metropolitan State University; Minnesota State University, Mankato; Minnesota State University Moorhead; Southwest Minnesota State University; St. Cloud State University; and Winona State University.*
